

DAY 20 – CHILDREN

Scriptures

Psalm 127:3-5; Ephesians 6:1-4

Pray for love, protection, and stability for all children.

Devotional Thought

God's people should pray for the well-being, safety, and happiness of children around the world. Children should be surrounded by love, care, and opportunities for growth. They also should have access to education, good health, and the support they need to thrive. Let us pray for a world where children are valued, protected, and given the chance to reach their full potential.

Practical Moment

- If you have children, pray for them now. If you have grandchildren or great grandchildren, also include them in your time of prayer.
- If you have children in your life who are not your own, pray for their well-being.
- Ask God to protect all children from exploitation, abuse, or other kinds of harm.
- Ask God to make you a better parent (if you currently have children) or to prepare you to be a good parent (if parenting is in your future).
