

DAY 7 – THE IMPORTANC OF CHURCH ATTENDANCE

Scripture

Hebrews 10:24-25

Prayer Focus

Pray that our congregation will commit to corporate worship and fellowship.

Devotional Thought

It is important to worship God with other believers. God loves it when his people honor him with one mind and voice. Also, in group settings, Christians can love, encourage, and serve one another. Our spiritual growth and maturity require the involvement of other people. Iron sharpens iron; we need to keep each other accountable. The Body of Christ consists of different individuals with diverse gifts and ministries. Each of us needs what other members of the Body have to offer. Therefore, it is important for every Christian to commit to meeting with other Christians regularly for worship and fellowship.

Practical Moment

Today is a perfect day to attend worship service with your West Angeles (or local) church family.
